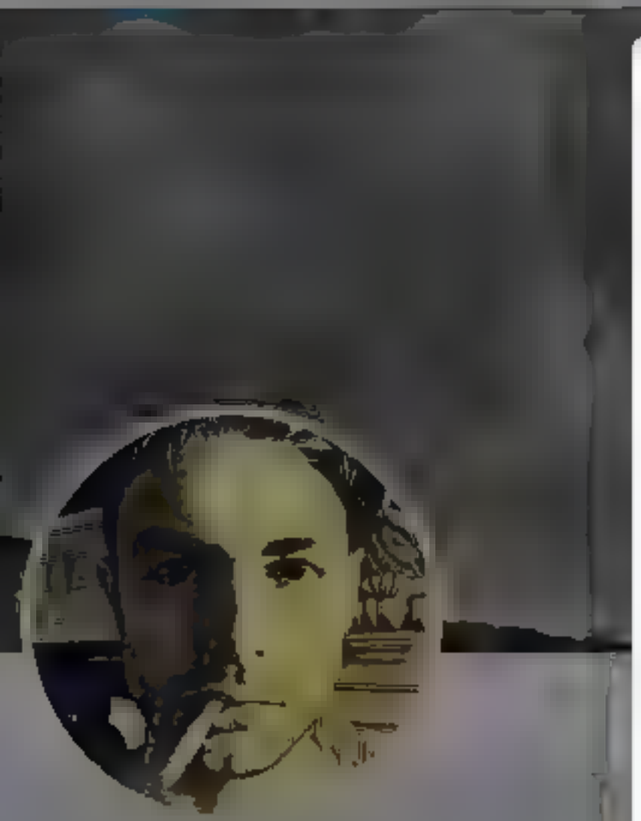
Tony Blair is a sociopath who led my country into the most disastrous war in recent history.



A war that led to a ruined country, a destabilized continent, around 1 million dead & the rise of ISIS.

Why on earth is anyone still listening to him?

The media craps its pants in terror every time Trump insults this piece of human trash who imprisons or executes hundreds of thousands of political dissidents & leads a Stalinist death cult.

Why?

He should be insulted relentlessly. By everyone.

Would the MSM be as aghast at Trump for insulting other world leaders if the jibes were aimed as Bashar Al-Assad or anyone else the deep state wants to remove from power?

They applauded Trump for launching an attack on Syria, yet accuse him of risking nuclear war over a tweet.

The left spent the last year normalizing the hijab.

When actual women's rights activists in Iran discarded it to fight oppression, western feminists abandoned them.

Today is the 3 year anniversary of 12 people being murdered by Islamic terrorists who were offended at a cartoon.

Would we see world leaders join mass demonstrations for free speech if the same thing happened today?

Or would "Islamophobic" tweets be a bigger concern for them?

Don Lemon doesn't appear to know the difference between race and nationality. There are shithole countries everywhere, on every continent. It's a fact.

Another hysterical, moralising lecture from CNN's idiot in chief.

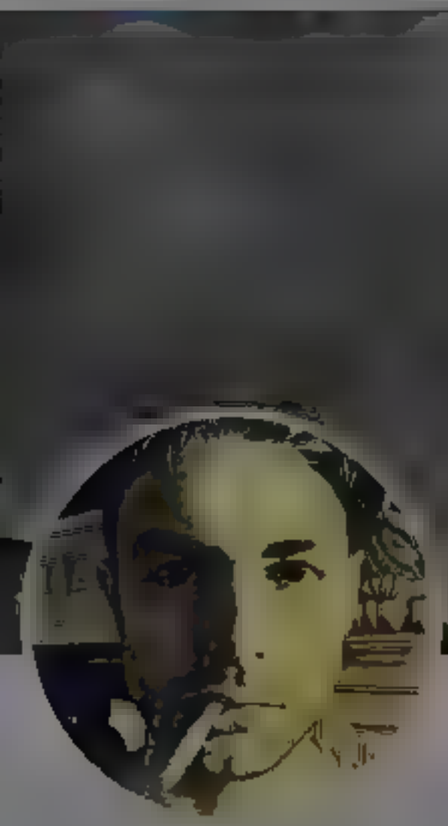
Trudeau made an official statement when this fake hate crime 'happened' (it didn't).



Will he give another statement to clarify that it was all a hoax?

I'm just curious as to what you see as insulting or homophobic about coming out. Did she use vulgar language? Yes. She can certainly be criticized for vulgarity, I won't argue that. But homophobia? How? I don't see it. Please explain

Socialism is for resentful, bone idle, self-pitying losers who are jealous of other people's success and wallow in their own putrid self-loathing and uselessness.

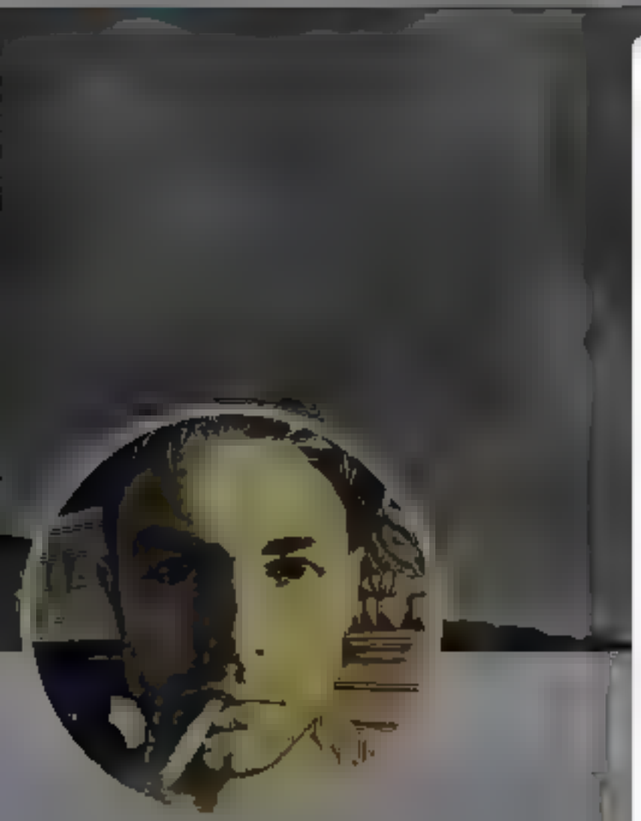
This is about destroying online anonymity and controlling dissent.



This is akin to China's 'social credit score'.

Careful with those offensive tweets, Winston or the system may flag you for a home visit.

Idiots are all over Twitter saying the XFL is racist because it will ban players with criminal records.

They are implying that only white players don't have criminal records, and therefore exposing themselves as.....you guessed it....racists.

Quite hilarious.

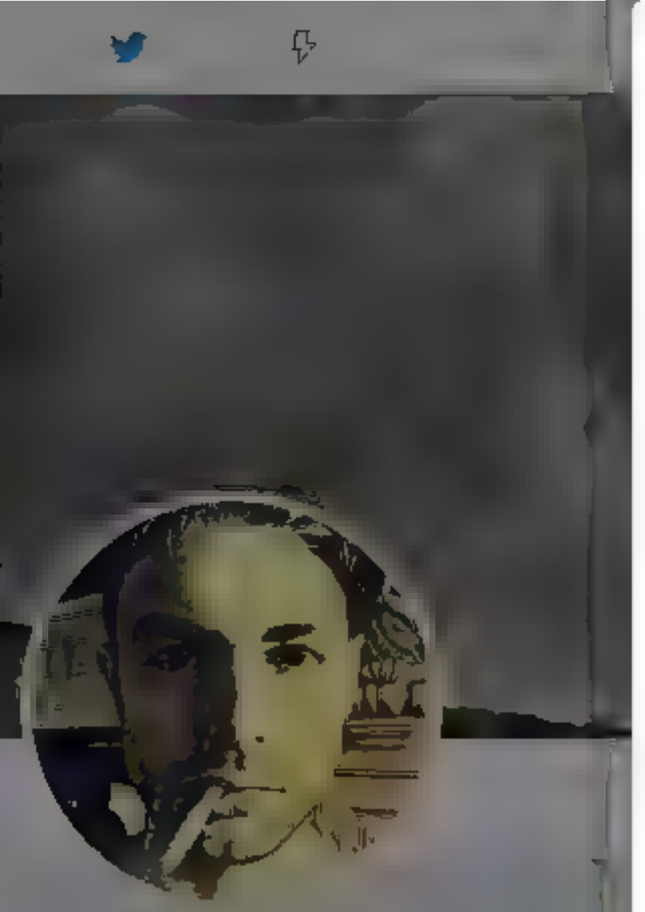
Who goes on holiday to Haiti? No one (unless you're a Clinton who's there to loot it).

Why does no one go on holiday to Haiti?

Because it's a shithole.



People go on holiday to the Dominican Republic because it's nice.

Same island, different socio-economics.

Haiti vs Dominican Republic.

Same island.

One is a shithole, one is nice.

This is about poverty and crime. It has nothing to do with race.

Why does no one go on holiday to Haiti?

Because it's a shithole.

People go on holiday to the Dominican Republic because it's nice.

Same island, different socio-economics.

New Strzok & Page text messages again show clear pro-Hillary bias.

2016-02-25 02:20:31, Thu	OUTBOX	Do you or Bill fundamentally believe that 3 and 3 is the RIGHT thing for the case? If the answer is no, then you call back and say we're good as is. You have never wavered from saying 2 and 2 is best. I don't get what the hesitation is now.
2016-02-25 02:52:46, Thu	OUTBOX	One more thing. she might be our next president. The last thing you need us going in there loaded for bear. You think she's going to remember or care that it was more dos than fbi?
2016-02-25 02:56:28, Thu	INBOX	Agreed. I called Bill and relayed what we discussed. He agrees. I will email you and [redacted]ame
2016-02-25 02:57:29, Thu	OUTBOX	Cool. You going to call back? have one more thing to say, so long as you are out of earshot of folks.

Roald Dahl explains why leftists are so ugly.

If a person has ugly thoughts, it begins to show on the face. And when that person has ugly thoughts every day, every week, every year, the face gets uglier and uglier until it gets so ugly you can hardly bear to look at it.

Can someone explain to me how depriving young women of employment is a feminist cause? If you don't like it then don't apply and don't watch darts or Formula One.

Cowards have once again caved to a noisy minority of permanently offended joyless twats.

If you glorify the hijab, you're not a feminist. It's really that simple.

The hijab is a symbol of the oppression of women.

Anyone who claims otherwise is either stupid or lying.

Nasty far-left knuckle draggers who use violence to silence free speech have been emboldened by a media narrative that portrays them as having the moral high ground.

They don't have the moral high ground.

This behaviour should be shamed, not lauded.

Real feminism is risking arrest and torture for removing your hijab in public.

Real feminism is strapping on a machine gun to kick some ISIS ass.

Not rolling around in a basement in your sweaty underpants in an east London hipster enclave.

Memo proves everything we've been saying. The Obama administration conspired with the Clinton campaign to abuse the power of government in an effort to to sabotage Trump's campaign.

The entire "Russian collusion" narrative is a hoax based on this hyper-partisan scheme. #MemoDay
